

Wed, 05 Dec 2018 19:37:00 GMT biomimetics in materials science self pdf - Biomimetics or biomimicry is the imitation of the models, systems, and elements of nature for the purpose of solving complex human problems. The terms "biomimetics" and "biomimicry" derive from Ancient Greek: βίος (bios), life, and μίμησις (mimēsis), imitation, from μιμᾶμαι (mimamai) (mimēsthai), to imitate, from μίμος (mimos), actor. A closely related field is bionics. Fri, 12 Jan 2018 23:56:00 GMT Biomimetics - Wikipedia - History. The name biomimetics was coined by Otto Schmitt in the 1950s. The term bionics was coined by Jack E. Steele in 1958 while working at the Aeronautics Division House at Wright-Patterson Air Force Base in Dayton, Ohio. However, terms like biomimicry or biomimetics are more preferred in the technology world in efforts to avoid confusion between the medical term bionics. Wed, 05 Dec 2018 08:46:00 GMT Bionics - Wikipedia - Materials, Volume 11, Issue 2 (February 2018) . Issues are regarded as officially published after their release is announced to the table of contents alert mailing list.; You may sign up for e-mail alerts to receive table of contents of newly released issues.; PDF is the official format for papers published in both, html and pdf forms. Mon, 10 Dec 2018 06:24:00

GMT Materials | February 2018 - Browse Articles - This study demonstrates how to design pores in building materials so that incoming fresh air can be efficiently tempered with low-grade heat while conduction losses are kept to a minimum. Mon, 10 Dec 2018 00:55:00 GMT Breathing walls: The design of porous materials for heat ... - In FDM method, a continuous filament of a thermoplastic polymer is used to 3D print layers of materials (Fig. 1a). The filament is heated at the nozzle to reach a semi-liquid state and then extruded on the platform or on top of previously printed layers. Sat, 08 Dec 2018 15:02:00 GMT Additive manufacturing (3D printing): A review of ... - Education Sciences (ISSN 2227-7102) is an international peer-reviewed open access journal published quarterly online by MDPI. Open Access - free for readers, with article processing charges (APC) paid by authors or their institutions.; High visibility: Covered in the Emerging Sources Citation Index (ESCI) - Web of Science and ERIH Plus, as well as ERIC (Institute of Education Sciences). Education Sciences | An Open Access Journal from MDPI - At IOP Publishing our commitment is to streamlined and efficient processes for article submission and publication, fair and impartial peer

review, high standards of author service and high standards in publication ethics and scientific quality. Author guidelines for IOP journals - IOPscience ... -
