

Thu, 29 Nov 2018 04:00:00 GMT maternal newborn nursing journal pdf - Breastfeeding, also known as nursing, is the feeding of babies and young children with milk from a woman's breast. Health professionals recommend that breastfeeding begin within the first hour of a baby's life and continue as often and as much as the baby wants.

Tue, 04 Dec 2018 14:16:00 GMT Breastfeeding - Wikipedia - Deaths in the first month of life, which are mostly preventable, represent 46 per cent of total deaths among children under five. As mortality among children under five declines globally, deaths among these children are more and more concentrated in the first days of life. This makes focus on newborn care more critical than ever before. In 2016, an estimated 2.6 million children died in their ...

Mon, 03 Dec 2018 01:32:00 GMT Newborn care - UNICEF DATA - Each year, the editors of the Journal of Obstetric, Gynecologic, & Neonatal Nursing (JOGNN) and Nursing for Women's Health (NWH), in concert with their Editorial Advisory Boards, elevate the outstanding scholarship of one paper from their respective journal's previous year's volume and acknowledge the contribution of the paper with either the Best of JOGNN award or the NWH
